

SMPS ADAPTER

POWER SUPPLY CHARGER

12V / 5A

High performance SMPS adapter designed to deliver stable and efficient power supply for a wide range of electronic devices.

STABLE PERFORMANCE

Provides consistent 12V output for smooth and reliable operation.

SAFE & RELIABLE

Built with over-voltage, over-current and short circuit protection.

WIDE COMPATIBILITY

Ideal for a wide range of electronic devices and applications.

DURABLE DESIGN

High quality components ensure long life and dependable use.

PRODUCT SPECIFICATIONS

Brand	KTPL
Product Name	SMPS Adapter Power Supply Charger
Input	100-240V AC, 0.75A-0.4A, 50-60Hz
Output	12V DC $\pm$ 5A
Connector Type	DC Barrel Connector
Plug Type	3 Pin Power Plug
Applications	Electronic Devices, CCTV, LED Strip, Routers, Modems & More
Country of Origin	India
